

# Sample CMS-1500 Claim Form

Coding, coverage, and reimbursement may vary significantly by payer, plan, patient, and setting of care. Actual coverage and reimbursement decisions are made by individual payers following the receipt of claims. For additional information, customers should consult with their payers for all relevant coding, reimbursement, and coverage requirements. It is the sole responsibility of the provider to select the proper code and ensure the accuracy of documentation used in seeking coverage or reimbursement. All services must be medically appropriate and properly supported in the patient medical record.
