

Sample CMS-1450 (UB-04) Claim Form

Coding, coverage, and reimbursement may vary significantly by payer, plan, patient, and setting of care. Actual coverage and reimbursement decisions are made by individual payers following the receipt of claims. For additional information, customers should consult with their payers for all relevant coding, reimbursement, and coverage requirements. It is the sole responsibility of the provider to select the proper code and ensure the accuracy of documentation used in seeking coverage or reimbursement. All services must be medically appropriate and properly supported in the patient medical record.

Field 42 – Revenue Code(s) 1

Enter the appropriate revenue code corresponding to the HCPCS or CPT code for field 44.
Example: For HCPCS J1454, the appropriate revenue code may be 0636 for drugs and biologicals that require specific identification as required by the payer.

Field 43 – Description 2

Enter the name of the product and provide a description of the service.
Example: Akynzeo® (Injection, fosnetupitant 235 mg/palonosetron 0.25 mg), NDC 69639-0102-01 (single-dose vial), 1 unit

Field 44 – HCPCS/CPT Code 3

Enter the appropriate HCPCS and CPT codes, and modifiers if applicable. Modifiers should directly follow the code without a space.
Examples:

- CPT code: 96367, intravenous infusion for therapy, prophylaxis, or diagnosis (specify substance or drug); additional sequential infusion of a new drug/substance, up to 1 hour
- HCPCS code: J1454, Akynzeo Injection, (fosnetupitant 235 mg/palonosetron 0.25 mg), NDC 69639-0102-01 (single-dose vial), 1 unit

Field 67 – Diagnosis Code(s) 4

Enter the appropriate diagnosis codes, with the primary diagnosis code on line A, the secondary diagnosis code on line B, etc.
 Requirements for diagnosis coding will vary by payer, so please check with the payer to verify coding requirements.

Field 46 – Service Units 5

Enter the appropriate number of units.
Example: Enter "1" for a single-dose vial of fosnetupitant 235 mg/palonosetron 0.25 mg
